DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of claims 1-30 in the reply filed on 10/24/2006 is

acknowledged. The traversal is on the ground(s) that examining the remaining claims would not be a

burden on the exmainer This is not found persuasive because the remaining non-elected claims are

classified in separate subclasses, and would therefor require additional searching.

The requirement is still deemed proper and is therefore made FINAL.
